

October 31, 2013

Dear Katie,

We just finished an amazing October (2013) trip to mainland China. Thank you so much for providing such excellent planning services for the trip. With your help, the success of the trip met and even exceeded our expectations. Our hotel accommodations were quite adequate. The buffet breakfast at each one was quite good and in fact, memorable (no problem for a vegetarian, as these meals were exceptional in their taste and variety of foods, both Chinese and western). On the boat tour, the kitchen prepared special vegetarian meals for me.

Our tour guides were also pretty amazing. They were prompt in picking us up and delivering us to the places planned for the trip. They were friendly and ready to accommodate our every need. We saw many things and learned a lot from the trip – perhaps Xian was our favorite stop. Besides seeing the Terracotta warrior site, we loved riding a bike around the top of the old city wall.

The rest of the non-tour trip also went very well! We were well cared for by my husband's colleagues in China and his students in Taiwan.

We felt safe throughout the trip and were continually amazed about how progressive China is on so many fronts...Thank you again for making this once - in - a - life - time trip so successful. We would not hesitate to recommend your services to others.

Sincerely,
ACustomer
